Sponsor a sports wheelchair so that kids with disabilities can play too!

Your gift of \$250 will allow us to purchase a sporting wheelchair that will give kids with a disability a chance to play sport with their friends.

Kids with disabilities are less likely to be physically active which means they have a higher risk of being overweight or obese and developing Diabetes, Heart Disease, Cancer and Depression.

Your gift of \$250 will support projects that give kids with disabilities the equipment they need to play sport with their friends. We'll be there to give them the confidence they need to give it a go and inspire and encourage them to continue to play.

“Thanks to Wheelchair Sports Victoria’s Wheelchair Appeal, I will no longer be sitting on the sidelines; I can play sports just like my friends”

Wheelchair sponsorship funds projects that promote accessibility, health, education and socialisation.

Each wheelchair from this appeal has the capacity to make the difference in the lives of over 50 children in its lifetime. This is made possible through Wheelchair Sports Victoria’s “Come and Try Days”, Education and Spinal Awareness Programs, Junior Development, Summer and Winter camps.

***“Some kids want a bike
and some kids want a pony,
but some kids NEED a wheelchair”***

Vic Permit Number 9364: Should funds raised exceed the amount required, Wheelchair Sports Victoria will direct donations to providing further support and services to Victorians living with a physical disability. Donations to Wheelchair Sports Victoria \$2.00 and over are tax deductible
